Archive Online.. Even though the service was free of charge for many years it appears that at the.Q: Is it possible to run.NET apps on the VMs? In theory, you can install the.NET SDK on a VM and write a C# app (or whatever) and run it on the VM without making any changes to the host machine. Is that possible? The reason I ask is that I'm interested in running.NET apps on a browser on a Raspberry Pi. A: You would need to download the

necessary files and install them on the VM. Here is an example of setting up a Microsoft Visual Studio 2008 environment on VirtualBox: How to create a Microsoft Visual Studio 2008 Development Environment on VirtualBox There are other places that you could download an installer, but it would be much easier to get the files to run straight from the VS website. Entire world is under lockdown because of the pandemic. When people can meet again and talk, I think everybody would have different opinions about who are the best leaders of India. So, let's discuss about who

we think are the top 10 leaders.
Disclaimer: It's a debate and no two people can agree on all the leaders. Also, there is no way we can say who is the best leader. This is merely a list, which I have put together from my observation and experience. 10. Narendra Modi
Modi is India's first Prime Minister. For many
