Features Reintroduce famous career modes: The Journey The Journey is back, featuring new career modes for the first time since FIFA 14. The Journey, added to FIFA 20, allows you to play the game in four different modes: the league, cup, loyalty and global. Brasil and South America return with new squads and talent, including stars such as Neymar, Ronaldo, Mario Gotze, Diego Costa and Luis Suarez. There's also a new international squad for France, and five new squads for Mexico. You'll also have more than 25 Brazilian players in your squad, including Neymar and Thiago Silva. New Career Mode - The Journey: This is FIFA 21 at its most personal. The Journey makes you the quarterback of the team, and you get to take over the entire game. New personalised camera mode means you control everything on the pitch, from the enemy goalkeeper to your own players and teammates. And thanks to the incredible controls, you'll be able to take the game to a new level with intuitive ball handling and passing. Personalised camera mode: Play the game however you want, with four different camera options, from slow motion to a fully-immersive mode that shows all your players and defenders. New League Goals: The new League goals mode allows you to take over the entire league, and guide your team through the season with a series of tactical choices at each moment of the match. Use smart tactics to beat your opponents, or score in-the-moment and win the game. Change formations in real-time during the game. New Ultimate Team Formations: New Ultimate Team formations let you create new and exciting formations, each with a unique formation logic. New Chemistry - Like never before: A new set of reactions between players in Ultimate Team and in The Journey now make the overall football feel more real, so you can feel the chemistry between players. New Decision Making: New situational, real-time decisions allow you to make the right tactical decisions on the pitch, while improving the overall flow of the game. Gameplay Improvements to the dribbling system. Dribbling feels more rewarding now, with more successful dribbles being an easier task. Improvements to the shooting system. New bullet speed in the air, and improved ball flight. New moves: More than 30 new moves:

Features Key:

- FIFA 22 is packed with groundbreaking features such as "Dynamic Player Aging" – the game intelligently ages your players over time and puts you in control of aging your players towards glory. Prepare for this new Juventus! MUT Evolution is an all-new club creation mode that lets you take charge over a lineup of 21 real-life club stars, customized with the kits and logos of your choice, to craft the best team in the world.
- FIFA 22 introduces "HyperMotion Technology" which uses motion capture data to bring life to the players' movements on the pitch, and to deliver a more immersive, high-speed, physical and tactical experience across a more authentic playing environment.
- FIFA 22 introduces a ground-breaking Ultimate Team system – a game-changing new way of assembling and managing your team from an almost limitless lineup of players.
- In August 2015, FIFA introduced the FUT Champions Cup, an 8-team tournament where the best FUT teams of FUT 15 battle for the FUT Champions Cup. In September 2017, FIFA announced the FIFA Club World Cup, a new Club World Cup-style competition that will feature the world's best clubs from FIFA's international leagues, including UEFA Champions League and CAF Champions League clubs, and allow clubs from FUT 15 to compete. FIFA 22 will host its first Club World Cup in 2018.
- FIFA 22 will take players into a stunning new FIFA World Cup curated around the most beautiful and nostalgic stadiums ever created for the soccer simulation game.
- A revamped dribbling system with an all-new reactive physics system, giving defenders more physicality and team-mates better decisions on where to attack the ball, ensures that balls played in the final third of the pitch will be more difficult to overcome.
- Designated Players – with Personal Licensing System, FIFA 22 looks to the future of football in which world-class players flock to new exotic territories and new nations come on the scene. New age football will reach epic proportions in FIFA – members of the English Premier League, La Liga, Bundesliga and MLS have all packed their bags and set out for uncharted territories to bring their unique personality to new games.
- New Scouting – A revised scouting system will prove to be of great help to scouts looking to bring the best

FIFA is a series of association football video games developed by Electronic Arts. The series is also distributed by Electronic Arts and includes FIFA, FIFA World Cup, FIFA Street, FIFA International Soccer, FIFA Master, FIFA Soccer, FIFA World Player, FIFA Ultimate Team, FIFA Soccer Management Training, FIFA Mobile, FIFA Money, and EA SPORTS FIFA. What are some differences between FIFA and Madden? FIFA and Madden's lead franchises are different. As mentioned above, Madden NFL is owned and distributed by EA, but FIFA has a variety of game developers, and every developer will work on FIFA differently. FIFA is more focused on gameplay with more advanced realism, while Madden is more centered on graphics and team modes. Tips for becoming better at FIFA Play with better players. Though you can be a superior player and skilled when against lower level players, the best way to improve your game is to play against other elite players. The way the game sets up, the best way to improve will be to improve your understanding of the game and your team. Part of this will have to be trial and error, but the best way to improve your game is by playing against very good players. If you have a good understanding of the game, you can get better at defending. However, you need to be able to buy new skills, and the best way to improve your team is by buying players with more skills than you currently have. There are two keys to dominating an opponent on defense: score goals against him, and use your other teams players to break through when he is covering you. How to select best players Be creative. While you can sometimes match skills in the game, you'll likely face a tougher challenge at trying to match the best players in the game. A common strategy that you can take against elite players is to get a player with a near-perfect kit. Not only will this give you a benefit in the game, but it will also add an element of creativity that'll make the game more enjoyable. How to play FIFA on PS3 and PS4 With all the different game modes in FIFA, you may not know where to start. After some initial training, you should start playing casual matches. It is important to keep in mind that you can set up your team online, or to play with local opponents. In addition to playing with friends, there are other modes, including online knockout tournaments, online leagues, the Create-a-Club
